Contents: 1 Squeezamal,
1 Spinner, 24 Coins,
5 Banana Split Tiles,
Instructions

WARNING:
CHOKING HAZARD - Small parts.
Not for children under 3 years.

Object

Have the most Coins at the end of the game!

Set Up

Each player takes 3 Coins. Give the Spinner and Banana Split tiles to the youngest player. Another player takes the Squeezamal.

The Spinner Player

The Spinner player's goal is to make the Banana Split.

Each time the Spinner lands on 🍌, they flip over a Banana Split tile—starting with **1**. For extra excitement, call out what number tile you're on! Keep spinning!

When you've finished making the Banana Split, shout "Freeze!"

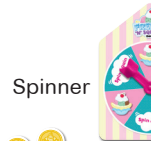

Passing Player

Coins

Squeezamal

Spinner

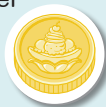

The Passing Players

The Passing players start passing the Squeezamal clockwise around the circle—skipping the Spinner player.

When the Spinner player yells “Freeze!”, stop passing.

Ending a Round

The player holding the Squeezamal when the Spinner player shouts “Freeze!” must pay for the Banana Split. That player takes one of their Coins and places it in the circle.

If the Squeezamal is in midair when “Freeze!” is shouted, the player who last touched the Squeezamal pays for the Banana Split.

Start a New Round

Pass the Spinner and Banana Split tiles to the left, and that player is the Spinner player in the next round.

End of the Game

When one player runs out of Coins, the game ends. The other players count up their remaining Coins—the player with the most Coins wins!

If there is a tie, all players with the most Coins win!
